Information event

Do you want to work in Germany? We will answer these important questions before you start working:

- What do I have to pay attention to in the employment contract?
- What are the limits on working time?
- How is the wage composed?
- What entitlements do I have during periods when I am not working?
- What should I do after the end of the employment relationship?
- What should I do if my employer is also my landlord?
- How can I prevent problems at work and where can I get help?

We are here for you so that you can work under correct conditions!
